

**NEW LONGTON ALL SAINTS' C. OF E. PRIMARY SCHOOL**  
**Sports Premium Spending 2020- 2021**

The School Sports Premium Funding is funding additional to the School’s budget. Schools are free to allocate this to improve the quality of Sport and PE for all the children in School. New Longton Primary School will receive in total £17800 over the academic year.

These are the areas that we have currently budgeted and spent the money.

Completion of Forest School area	To develop an outdoor area for the delivery of Forest Schools	£ 1200
miscellaneous costs	Transport to competitions	£60
		Total cost £1260

Estimation Total spent £ 18340

One of our Key curriculum drivers is “Healthy Body, Healthy Mind” and the remainder of last year and this year’s spending of the Sports Premium Funding was put towards the completion of a trim trail which is situated on the top field. This area will be used to help promote the daily mile, well-being, mindfulness and will link in with Forest Schools which will further encourage active play during break times and lunch times supporting children in developing a love for the outdoors and being active. Each station also includes mindfulness activities which support their resilience and mental health.
